(At least meet the SPHERE minimum standard)  
(water kits, jericans)

Temporary Learning Space or  
space for lactating women and  
children

Camp Coordination and Camp  
Management in ECs

Psychosocial support activities/ Stress  
debriefing/ counselling or other mental  
health services

Regular Health Check up  
(esp for pregnant, lactating, elderly and with  
serious health condition)

Livelihood source in the context of  
emergency (Eg. Cash for work/food)

# Key Protection Update

Lanao del Sur

# PROTECTION ISSUES

## Marawi Displacement

**ACCESS TO FOOD AND LIVELIHOOD.** The E/GCQ has resulted to disruption of business chain, thereby affecting the IDP retailers due to lack of transportation. This affects the capacity of displaced families to meet their daily needs, including an imbalanced nutrition intake particularly with their children. [In Pangi Bakwit TS, the 14-days lockdown has impacted the access to livelihood activities of the IDPs.](#)

**ACCESS TO WASH.** **Water insufficiency** remains an issue that affects IDPs' personal hygiene and sanitation. [Water rationing is on schedule basis, i.e., Sagonsongan Area 6 is twice a month.](#) The issue on **septic tanks that are full** particularly in Sagonsongan areas still persist. There are families which manually scoop the human excrements (feces) and toss them on the drainage when there is rain, while others connect their septic tanks to the drainage. This increases the health risks of the IDPs.

**ACCESS TO BASIC FACILITIES.** IDPs have difficulties accessing the basic facilities that they needed due to lack of transportation. The MGCQ allows only one passenger for tricycle and with an increase on transportation cost (this has been an issue even before the COVID-19 and it still persists).

**LACK OF CAMP COORDINATOR AND MANAGER.** The presence of Camp Coordinator and Camp Manager are needed to facilitate the identification of the persisting issues faced by the IDPs and help on said issues will be responded. The top issues that are related on CCCM are as follows:

- In Sagonsongan Area 5-B, there is an open drainage that is not safe to vulnerable sectors. There is a report that a child fell on the 8-foot drainage;
- Some houses in Division 1 & 4 in Boganga TS are at risk of landslide as their houses are erected in areas which are prone to erosion;
- Landslides have caused mud flood in Boganga TS; and
- Tensions build-up among IDPs.

# Key Protection Updates

Basilan

# DISPLACEMENT OVERVIEW IN **BASILAN PROVINCE**

Place of Origin	Number of Families	Number of Individuals	Remarks
<b>Maluso Municipality</b> Barangay Muslim	99	495	Protracted displacement
<b>Ungkaya Pukan Municipality</b> Barangay Kamamburingan	18	80	Protracted displacement
<b>Sumisip Municipality</b> Barangay Benembengan	235	1,075	Protracted displacement
<b>Tabuan Lasa Municipality</b> Barangay Babag (Babuan Island)	133	562	Protracted displacement
<b>Tipo-tipo Municipality</b> Barangay Bohe Lebbung	207	1,035	Displacement on 3 August 2020
<b>Total</b>	692	3,247	

# DISPLACEMENT OVERVIEW IN **BASILAN PROVINCE**

## UPDATE ON DISPLACEMENT

- ❑ There were 207 families displaced in Tipo-tipo Municipality on 3 August 2020 due an armed encounter caused by personal dispute.
- ❑ Number of protracted IDPs reported in the previous meeting remains the same.

## UPDATE ON COVID-19

- ❑ Update on COVID-19 cases in Basilan as of 13 August: Confirmed cases – 181 (active case – 62; recoveries – 118; death – 1); Suspected - 79
- ❑ On 13 August, there are 20 Returning Filipinos from Sabah (ReFS) who have arrived in the province.

## PROTECTION ISSUES/ CONCERNS

*(Additional to the issues reported in previous meeting)*

- ❑ Insufficient food for daily consumption of some displaced families.
- ❑ 5 IDP families presently sheltered in government housing project were asked to vacate the houses to accommodate the original occupants who were also IDPs and would wanted to occupy the housing units for better living. (Tabuan Lasa Municipality)
- ❑ IDPs have express the need for core relief items such as housing/tent materials, sleeping kits, flashlights, hygiene kits and water containers.
- ❑ A 40-year old woman died on July 31 who was reportedly infected by the “*sakit ng robot*”. She died in few weeks after being infected of the said sickness.
- ❑ Limited access to potable drinking water. The source of drinking water is deep well because only some are financially capable to buy water.

## RESPONSES

*(Additional to the responses shared in previous meeting)*

- ❑ Conduct of RT-PCR/ swab test to all employees of hospitals
- ❑ Distribution of fresh vegetables for free to residents as part of the Food Security Program of the provincial government of Basilan.
- ❑ Continuous provision of food assistance.
- ❑ Continuous conduct of disinfecting isolation facilities; additional isolation facilities are being constructed.
- ❑ Continues manning of quarantine checkpoints
- ❑ Resumption of Balik Basilan Program which started on 21 July 2020
- ❑ Conduct of medical and dental mission
- ❑ Agri-livelihood program for ASG returnees
- ❑ Gulayan sa Bakuran Program thru the Provincial Agriculture Office
- ❑ Construction of barangay road in Barangay Muslim, Maluso Municipality, and a proposed installation of water system by the government.

# Key Protection Updates

Sulu

## DISPLACEMENT OVERVIEW IN SULU PROVINCE

- ❑ There are a total of 1,163 families (2,836 individuals) displaced in Sulu Province
  - Of the total, 89 families were still displaced since 31 July 2020 in Barangay Taung, Patikul Municipality due to an armed encounter between the government troops and the alleged members of Abu Sayaff group (ASG).
  - While 1,078 families were protractedly displaced.
  
- ❑ Recurring and unaddressed protection issues of IDPs are related to:
  - Access to WASH
  - Access to Shelter
  - Access to Health
  - Access to Food and Nutrition

## DISPLACEMENT OVERVIEW IN SULU PROVINCE
