

IDP PROTECTION ASSESSMENT REPORT (IDPPAR)

Forced Displacement in Hadji Mohammad Ajul, Basilan due to Clan Feud

Reporting Period: 30 December 2021 - 03 January 2022

KEY FIGURES

INCIDENT BACKGROUND

On 28 December 2021, at around 2:00 o'clock in the afternoon, a series of armed encounter occurred between two warring families in Brgy. Langong in the municipality of Hadji Mohammad Ajul, Basilan Province. The incident resulted to a displacement, as well as the death of a 17-year-old civilian, while another five were left wounded. According to the reports from the protection partners and affirmed by the barangay officials, they were all not involved in the conflict but were only caught in the crossfire.

On 29 December 2021, at around 6:30 in the morning another encounter ensued in Brgy. Candiis in the same municipality which resulted to the death of one senior citizen, aged 76-year-old. The authorities believed that the incident is a retaliatory action of the previous encounter in Brgy. Langong.

CURRENT SITUATION

To date, the displaced families who sought temporary shelter within their relatives are still reluctant to return due to their fear of possible escalation of the conflict. The Municipal Peace and Order Council (MPOC) and the Armed Forces of the Philippines (AFP) have already intervened to pacify the matter.

Based on the initial assessment conducted by the protection partners and barangay officials, a total of 102 families (approximately 510 individuals) are still displaced within the municipality, unaccounted numbers of houses were also damaged because of the indiscriminate firing from both sides.

Due to the number of casualties on both sides including untimely death of civilians, there is no clear timeframe yet as to when the issue can be resolved. According to the IDPs assessed by the partners, they expressed immediate support from the concerned authorities for a peaceful resolution, food and shelter materials assistance for the damaged houses.

PROTECTION ISSUES, RESPONSES, AND GAPS

THREAT TO LIFE, SAFETY AND SECURITY	<i>Protection assessment considers the various threats to life, safety and security of displaced persons stemming from crime, violence, armed conflict or nature disaster.</i>
ISSUES	
<ul style="list-style-type: none"> a. The displaced families and some of the members of the community expressed concerns on their safety as the situation remains volatile. They are apprehensive that retaliatory attack is still possible as situation remain unaddressed despite intervention from MPOC and AFP. They particularly mentioned that they fear being caught in the crossfire citing what had happened to the civilians who were hit by the stray bullets. b. Death and wounding of civilians. The report from the barangay officials includes death of one minor (male, 17-year-old) and senior citizen (male, aged 76), as well as wounding of another five individuals. 	
RESPONSES	
<ul style="list-style-type: none"> a. For the time being, elements of the AF) were deployed in the area to pacify the tension. The MPOC has already convened to resolve the issue. b. IDP PROTECTION ASSESSMENT REPORT

The IDP Protection Assessment Form (IDPPAR) aims to provide a starting point for information and analysis that can help humanitarian agencies, policy makers and other stakeholders concerning instances of forced displacement or solutions (repatriation, resettlement, integration). To the extent possible, the terminology used in the IDPPAR reflects the UN Guiding Principles on Internal Displacement and other sources of international law and practice. The information reported in the IDP Protection Assessment Forms has been received from members of the Protection Cluster across Mindanao. Consequently, unreported cases of forced displacement and solutions are not reflected. Updates will be provided as and when more information is received from members. The number of people displaced/affected may differ from the number in need of humanitarian assistance. Although efforts are made to verify the data, the Protection Cluster takes no responsibility for the incompleteness or inaccuracy of the information. The information provided in this IDPPAR does not necessarily reflect the views of UNHCR or any individual member of the Protection Cluster.

MINDANAO VIRTUAL PROTECTION COORDINATION PLATFORM

In the present circumstances where limited physical access to IDPs is possible, and humanitarian actors are adjusting response using alternative modalities to access people in need including relying on social media, phones and other online communication tools to maintain regular communication with protection monitors within IDP community, as well as host communities, Mindanao Virtual Protection Coordination Platform (MVPCP) was created to strengthen coordination among relevant actors with a protection role (from regional and provincial down to municipal and community level) in Mindanao during this pandemic.

Under the leadership of the Department of Social Welfare and Development and the Ministry of Social Services and Development and with full participation of key state agencies: BARMM READI and IATF, members of MVPCP will work closely to ensure that COVID-19 related prevention and response initiatives at the national level will include IDPs and ensure they have access to basic services. Members of the MVPCP will work closely to ensure timely prevention of and response to protection issues in Mindanao including BARMM region and facilitate timely information-sharing with the IDP community on health measures in response to COVID-19.

WORKING IN PARTNERSHIP

UNHCR works in partnership with government entities, INGOs, NGOs, CSOs, and UN Agencies, and other organizations. Its primary role is to share information on protection risks and needs and to facilitate coordinated intervention among the various actors involved in IDP protection. UNHCR has a project partnership with CFSI, CHR, ACCORD, MMI, KI, TKI, ACTED and IRDT covering Mindanao island including BARMM region. In addition to its project partnership, UNHCR works closely with local authorities and Mindanao Humanitarian Team Actors including: UNICEF | IOM | OCHA | UNDP | UNFPA | UNHABITAT | WFP | WHO | OXFAM | ACTION AGAINST HUNGER | CARE | UNWOMEN | ICRC | SAVE THE CHILDREN | KFPDI | PRC.
